Computer Engineering		
These programs are meant for basically those professionals who are already working in technical departments of the corporate sector. These courses enable our Students to go ahead and achieve the higher profiles in their respective organizations through a high profile curriculum.		
Course	**Bachelors Program In Computer Application**	**Master In Computer Application**	**Master Program In Computer Management**
Eligibility Criteria	**3 Years Diploma or Hsc With 3 Years Work Experience**	**Graduate or Diploma With 5 Years of Work Experience**	**Graduate Or Diploma (tech) With +3 Years Of Work Experience**
Syllabus	**PART I**	**SEM-I**	**SEM-I**
	• Data Structures & Algorithm.	• Data Structures & Algorithm,	Elements of Information Technology
	• Programming in C, C++.	• Programming in C, C++	• Business Communication
	Operating Systems	• Operating Systems	. Database Management Systems
	• Software Engg.	• Software Engg	• Visual Basic
	PART II	• Programming in Java	• Software Engineering
	• Visual Foxpro	• Database Management Systems.	• Media &Technology
	• Database Management Systeme	**SEM-I**	**SEM-II**
	• CAD/CAM	• CAD/CAM	Software Project Management
	PART II	• Visual Basic Complete	• Advanced Java
	• Web Designing Technology	• Web Designing Technology	Organizational Behavior
	• Visual Basic Complete	• Advance Computer Architecture	• Object Oriented Algorithms & Data Structures
	Net Framework	• VLSI Design	• Software Architecture
	• Advance Computer Architecture	• Visual FoxPro	• E-Commerce
Course Duration	**4 Months – 11 Months**	**1 – 3 Years**	**1-2 Years**
	17,500/-	**RS. 35,500/**	**RS. 34,500/**
